

# 19<sup>th</sup> Annual WRNJ Radio Auction: Early Bidding and Event Details!

The 19<sup>th</sup> Annual WRNJ Radio Auction will be held live on WRNJ Radio (1510 AM, 92.7 and 104.7 FM) on Friday and Saturday, March 9<sup>th</sup> and 10<sup>th</sup>, 2018. All proceeds from the Radio Auction will stay local to benefit the Foundation for Hackettstown Medical Center and will assist in funding new and innovative programs and services at HMC.

Thanks to the generosity and cooperation of the area business community, a wide variety of interesting items and essential services will be up for bid.

**Anyone can preview the auction items and place bids, 24/7, during an online “early bid” portion of the auction from 9am on Wednesday, February 7<sup>th</sup>, through 5pm on Wednesday, March 7<sup>th</sup>.**

**To access this “early bid” portion of the auction, visit [Hackettstown RadioAuction.com](http://HackettstownRadioAuction.com).**

First-time visitors will need to register by clicking on the “register” button and completing all information required. After that, registered visitors can log in as often as they’d like, via their secure password. The bidding process is easy – prompts will guide bidders through a simple 3-step process to place, confirm and submit a bid. Interested bidders are encouraged to check the auction site often, since new items will be added periodically in the weeks ahead.

It’s important to note that the on-line “early bid” portion of the auction does not guarantee winning - all items will be carried over to the “live” portion of the auction on March 9<sup>th</sup> and 10<sup>th</sup>, where bidding will continue live on the air – some may only last on the block for a few minutes!

The highest bidder for each item, following the “live” on-air auction, will be the actual winner.

For more information about the Radio Auction, contact the Foundation for Hackettstown Medical Center office at 908-850-6876.
